### Management's Responsibility for Financial Reporting

The accompanying financial statements of the Red Lake Margaret Cochenour Memorial Hospital are the responsibility of management and have been approved by the Board of Governors.

The financial statements have been prepared by management in accordance with Canadian public sector accounting standards. Financial statements are not precise since they include certain amounts based on estimates and judgements. When alternative accounting methods exist, management has chosen those it deems appropriate in the circumstances, in order to ensure their financial statements are presented fairly, in all material respects.

The Hospital maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and the Hospital's assets are appropriately accounted for and adequately safeguarded.

The Board of Governors are responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements.

The Board of Governors review the Hospital's financial statements and recommend their approval. The Board of Governors meet periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the annual report, the financial statements and the external auditors' report. The Board of Governors takes this information into consideration when approving the financial statements for issuance to the members. The Board of Governors also considers the engagement of the external auditors.

The financial statements have been audited by BDO Canada LLP in accordance with Canadian generally accepted auditing standards on behalf of the members. BDO Canada LLP has full access to the Board of Governors.

Board Chair (Ms. Eleanor Vachon)

Chief Executive Officer (Ms. Sue LeBeau)

## Independent Auditor's Report

### To the Board of Governors of Red Lake Margaret Cochenour Memorial Hospital

### Opinion

We have audited the financial statements of the Red Lake Margaret Cochenour Memorial Hospital Corporation, (the Hospital), which comprise the statement of financial position as at March 31, 2020, and the statement of operations, statement of remeasurement gains (losses), statement of changes in net assets and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Hospital as at March 31, 2020 and its results of operations, its measurement gains and losses, its change in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Hospital in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Other Matters - Unaudited Information**

We have not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the schedules on pages 17 to 27.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Hospital's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Hospital or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Hospital's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Hospital's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Hospital to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### 1. Significant Accounting Policies

#### Nature and Purpose of Organization

Red Lake Margaret Cochenour Memorial Hospital provides health care services to the residents of the Municipality of Red Lake and surrounding areas. The Hospital, incorporated without share capital under the Corporations Act of Ontario, is a charitable organization within the meaning of the Income Tax Act and, as such, is exempt from Income Taxes under the Income Tax Act.

In addition to the Hospital's operating fund which reflects the activities of the day to day operations of the Hospital, the financial statements also include the activities of the following programs:

Ministry of Health and Long-Term Care

- Community Mental Health Program
- Community Addictions Program
- Community Problem Gambling Program
- Rent Supplement Program

Ministry of Training, Colleges and Universities

- Employment Services
- Youth Job Link
- Canada-Ontario Job Grant
- Youth Job Connection
- Youth Job Connection Summer

Other

- Case Management Services

The operating results of these programs are recorded in Schedule 2 to the financial statements and the assets and liabilities of these programs appear on the statement of financial position of the Hospital. Program surpluses and deficits are recorded as repayable or receivable in the year incurred and settlement adjustments by the Ministries or other funders are recorded when settled.

#### Basis of Accounting and Presentation

The financial statements of the Hospital have been prepared in accordance with Canadian public sector accounting standards for government not-for-profit organizations, including the 4200 series of standards, as issued by the Public Sector Accounting Board.

The Red Lake Margaret Cochenour Memorial Hospital Foundation is a separate entity whose financial information is reported separately from the hospital.

#### **Inventories**

Inventories are stated at the lower of cost and net replacement value. Cost is determined on a First-In, First-Out basis. Inventories consist of medical and general supplies that are used in the Hospital's operations and not for resale purposes.

#### Use of Estimates

The preparation of financial statements in accordance with Public Sector Accounting Standards for Government not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates. Areas of key estimation include determination of allowance for doubtful accounts, amortization of capital assets and actuarial estimation of post-employment benefits.

#### 1. Significant Accounting Policies (continued)

#### Revenue Recognition

The Hospital follows the deferral method of accounting for contributions, which include donations and government grants.

Under the Health Insurance Act and Regulations thereto, the Hospital is funded primarily by the Province of Ontario in accordance with accountability arrangements established by the Ministry of Health and Long-Term Care ("MOHLTC"), and the Local Health Integration Network ("LHIN"). The Hospital has entered into a Hospital Service Accountability Agreement (the "H-SAA") for fiscal 2020 with the MOHLTC and LHIN that sets out the rights and obligations of the parties to the H-SAA in respect of funding provided to the Hospital by the MOHLTC/LHIN. The H-SAA also sets out the performance standards and obligations of the Hospital that establish acceptable results for the Hospital's performance in a number of areas.

If the Hospital does not meet its performance standards or obligations, the MOHLTC/LHIN has the right to adjust funding received by the Hospital. The MOHLTC/LHIN is not required to communicate certain funding adjustments until after the submission of year end data. Since this data is not submitted until after the completion of the financial statements, the amount of MOHLTC/LHIN funding received by the Hospital during the year may be increased or decreased subsequent to year end.

Contributions approved but not received at year end are accrued. Where a portion of a contribution relates to a future period, it is deferred and recognized in that subsequent period.

Unrestricted contributions are recognized as revenue in the year received or receivable if the amount can be reasonably estimated and collection is reasonably assured.

Restricted contributions related to general operations are recognized as revenue in the year in which the related expenses are incurred.

Restricted contributions for the acquisition of capital assets are deferred and amortized into revenue at a rate corresponding with the amortization rate for the related capital assets.

Unrestricted investment income is recognized when earned. Restricted investment income is recognized in the year in which the related expenses are recognized.

Patient related revenues are recognized as revenue when services are rendered and the amount to be received can be reasonably estimated and collection is reasonably assured.

Recoveries are recognized as revenue when the amount of the recovery can be reasonably estimated and collection is reasonably assured.

#### Capital Assets

Purchased capital assets are recorded at cost less accumulated amortization. Contributed capital assets are recorded at fair value at the date of contribution. Repairs and maintenance costs are charged to expense. Betterments that extend the estimated useful life of an asset are capitalized.

Construction in progress is not amortized until construction is substantially complete and the assets are ready for use.

Capital assets are capitalized on acquisition and amortized on a straight-line basis over their useful lives, which has been estimated to be as follows:

Buildings and building improvements	10 to 40 years
Equipment	3 to 10 years
Parking lot	10 years

#### 1. Significant Accounting Policies (continued)

#### Financial Instruments

The Hospital classifies its financial instruments as either fair value or amortized cost. The Hospital's accounting policy for each category is as follows:

#### Fair Value

This category includes cash and investments. Financial instruments in this category are initially recognized at cost and subsequently carried at fair value. Changes in fair value are recognized in the statement of remeasurement gains and losses until they are realized, when they are transferred to the statement of operations.

Transaction costs related to financial instruments in the fair value category are expensed as incurred.

Where a decline in fair value is determined to be other than temporary, the amount of the loss is removed from accumulated remeasurement gains and losses and recognized in the statement of operations. On sale, the amount held in accumulated remeasurement gains and losses associated with that instrument is removed from net assets and recognized in the statement of operations.

#### Amortized Cost

This category includes accounts receivable and accounts payable. They are initially recognized at cost and subsequently carried at amortized cost using the effective interest rate method, less any impairment losses on financial assets.

Transaction costs related to financial instruments in the amortized cost category are added to the carrying value of the instrument.

Write-downs on financial assets in the amortized cost category are recognized when the amount of a loss is known with sufficient precision, and there is no realistic prospect of recovery. Financial assets are then written down to net recoverable value with the write-down being recognized in the statement of operations.

#### **Contributed Services**

There are a substantial number of volunteers who contribute a significant amount of their time each year to Red Lake Margaret Cochenour Memorial Hospital. The fair value of these contributed services is not readily determinable and, as such, is not reflected in these financial statements.

#### Retirement and Post-employment Benefits

The Hospital provides defined retirement and post-employment benefits to certain employee groups. These benefits include pension and health and dental. The Hospital has adopted the following policies with respect to accounting for these employee benefits:

i) The costs of post-employment future benefits are actuarially determined using management's best estimate of health care costs, and discount rates. Adjustments to these costs arising from changes in estimates and experience gains and losses are amortized to income over the estimated average remaining service life of the employee groups on a straight-line basis. Plan amendments, including past service costs are recognized as an expense in the period of the plan amendment.

ii) The costs of the multi-employer defined benefit pension plan are the employer's contributions due to the plan in the period.

iii) The discount rate used in the determination of the above mentioned liabilities is equal to the Hospital's internal rate of borrowing.

#### 2. Cash

The Hospital has an overall credit facility of \$566,500, including a revolving line of credit bearing interest at prime plus 0.25%, repayable on demand, and corporate Visas repayable on demand and in accordance with standard terms and conditions. The credit facilities were not used at year end.

3. Accounts Receivable	 2020 2019	9
Ministry of Health and Long-Term Care

Ministry of Training, Colleges and Universities	26,499	56,222
	\$ 2,157,723	\$ 1,988,305

#### 8. Deferred Contributions

Deferred contributions represent unspent externally restricted funding that has been received and relates to a subsequent year. Changes in the contributions deferred to future periods are as follows:

	 2020	2019
Balance, beginning of year Contributions received during the year	\$ 68,092 \$ 23,017	53,388 14,704
Balance, end of year	\$ 91,109	68,092

#### 9. Deferred Capital Contributions

Deferred capital contributions represent the unamortized amount and unspent amount of donations and grants received for the purchase of capital assets. The amortization of capital contributions is recorded as revenue in the statement of operations. Changes in the contributions capital deferred to future periods are as follows:

		2020	2019	
Palance beginning of year	¢	L 101 27L ¢		4 144 140
Balance, beginning of year	Ф	6,184,376 \$	)	6,144,169
Grants received during the year		835,399		678,852
Amortization		(584,750)		(587,821)
Prior year deferred contribution repayable		-		(50,824)
Balance, end of year	\$	6,435,025 \$	, ,	6,184,376

As at March 31, 2020 there was \$604,534 (2019 - \$40,612) of deferred capital contributions received which were not yet utilized.

#### March 31, 2020

#### 10. Post-Employment Benefits Liability

The following tables outline the components of the Hospital's post-employment benefits and the related expenses.

	2020	2019
Accrued benefit obligation	\$ 605,800 \$	595,900
Unamortized actuarial gain	 175,100	158,200
Total Liability	\$ 780,900	5 754,100
	2020	2019
Current year benefits costs	\$ 50,600 \$	47,100
Amortized actuarial gains	(15,900)	(17,400)
Interest on accrued benefit obligation	19,700	19,200
Reconciliation of plan funds (benefit payments)	(27,600)	(24,100)
	\$ 26,800 \$	5 24,800

Above amounts exclude pension contributions to the Hospitals of Ontario Pension Plan ("HOOPP"), a multi-employer plan, described below.

**Retirement Benefits** 

Substantially all of the full-time employees and some of the part-time employees are members of HOOPP. The plan is a multi-employer plan and therefore the Hospital's contributions are accounted for as if the plan were a defined contribution plan with the Hospital's contributions being expensed in the period they become due. Contributions made to the plan during the year by the Hospital amounted to \$429,091 (2019 -\$443,312).

Post-employment Benefits

The Hospital extends post-employment life insurance, health and dental benefits to certain employee groups subsequent to their retirement. The Hospital recognizes these benefits as they are earned during the employee's tenure of service, The related benefit liability was determined by an actuarial valuation study.

The major assumptions employed for the valuations are as follows:

a) Discount Rate

The present value as at March 31, 2020 of the future benefits was determined using a discount rate of 3.25% (2019 - 3.25%).

b) Extended Health Care Trend Rates

Extended health care costs were assumed to increase at 8.0% per annum in 2019 and decrease by 0.25% per annum thereafter to an ultimate rate of 5.0%.

c) Dental Costs

Dental costs were assumed to increase at 4.0% per annum.

#### March 31, 2020

11. Net Assets Invested in Capital Assets		
a) Investment in capital assets is calculated as follows:	 2020	2019
Capital Assets Amounts financed by Deferred Contributions	\$ 8,909,410 \$ (5,830,490)	9,017,875 (6,143,764)
	\$ 3,078,920 \$	2,874,111
b) The change in net assets invested in capital assets is calculated as follows:		
Excess (deficiency) of revenue over expenses: Amortization of Deferred Grants and Donations related to:	 2020	2019
Equipment/Software Licenses	\$ 100,970 \$	110,322
Buildings	483,780	477,499
Amortization related to:		
Equipment/Software Licenses	(172,784)	(181,316)
Buildings	 (617,434)	(576,943)
	\$ (205,468) \$	(170,438)
Net change in investment in capital assets:	 2020	2019
Purchase of Capital Assets	\$ 681,754 \$	1,711,987
Amounts funded by Deferred Grants and Donations	 (271,477)	(628,028)
	\$ 410,277 \$	1,083,959
	\$ 204,809 \$	913,521

#### 12. Related Entity

The Red Lake Margaret Cochenour Hospital Foundation is an independent corporation incorporated without share capital which has its own independent Board of Directors and is a registered charity under the Income Tax Act. The Foundation receives and maintains funds for charitable purposes, which it donates to the Hospital for use in operations, renovations, maintenance and equipment purchases of the Hospital.

The Foundation holds funds of approximately \$1,250,000 (2019 - \$1,148,000), the benefit of which are to be used for capital projects or capital asset purchases of the Hospital. During the year, the Foundation contributed \$21,014 (2019 - \$52,522) to the Hospital.

#### 13. Economic Dependence

The Hospital receives the majority of its funding from the Ministry of Health and Long-Term Care and is therefore economically dependent on the government.

#### March 31, 2020

#### 14. Contingent Liabilities and Commitments

#### **Contingent Liabilities**

Red Lake Margaret Cochenour Memorial Hospital is a member of Health Care Insurance Reciprocal of Canada (HIROC). HIROC is a pooling of the public liability insurance risks of its members. All members of the pool pay annual premiums which are actuarially determined. All members are subject to reassessment for losses, if any, experienced by the pool for the years in which they are members and losses could be material. The Hospital joined HIROC in 1998 and no reassessments have been made to March 31, 2020.

The outcome of claims now pending is not determinable and is not expected to be material.

#### Commitments

The Hospital has committed to financial and financial management services for a period of five years starting July 1, 2018. Monthly payments are \$14,583 for the first year, with 1% increases each successive year (\$178,076 for the fiscal year ending March 31, 2021).

The Hospital has also committed to contracts for building improvements totaling \$599,500. The projects were 35% complete at year-end and are expected to be completed in July 2020.

#### 15. Financial Instrument Classification

The following table provides cost and fair value information of financial instruments by category. The maximum exposure to credit risk would be the carrying value as shown below.

	2020							
	Amortized							
	Fair Value Cost Total							
Cash	\$ 1,580,737 \$ - \$ 1,580,73	57						
Accounts Receivable	- 443,261 443,26	o1						
Long Term Investments	2,062,274 - 2,062,27	4						
Accounts Payable	- (2,157,723) (2,157,72	:3)						
	\$ 3,643,011 \$ (1,714,462) \$ 1,928,54	9						
		—						
	2019							
	Amortized	_						
	Fair Value Cost Total							
Cash	\$ 628,466 \$ - \$ 628,46	6						
Accounts Receivable	- 763,712 763,71	2						
Long Term Investments	2,231,062 - 2,231,06	o2						
Accounts Payable	- (1,988,305) (1,988,30	15)						
	\$ 2,859,528 \$ (1,224,593) \$ 1,634,93	5						

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3 based on the degree to which the fair value is observable:

Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities using the last bid price;

#### 15. Financial Instrument Classification (continued)

Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

		20	20			
	 Level 1	Level 2		Level 3		Total
Cash	\$ 1,580,737	\$ -	\$	-	\$	1,580,737
Investments	826,034	1,236,240		-		2,062,274
Total	\$ 2,406,771	\$ 1,236,240	\$	-	\$	3,643,011

	2019							
	Level 1			Level 2		Level 3		Total
Cash	\$	628,466	\$	-	\$	-	\$	628,466
Investments		894,431		1,336,631		-		2,231,062
Total	\$	1,522,897	\$	1,336,631	\$	-	\$	2,859,528

There were no transfers between Level 1 and Level 2 for the years ended March 31, 2020 and 2019. There were also no transfers in or out of Level 3.

#### 16. Subsequent Events

On March 11, 2020, the World Health Organization declared the Coronavirus COVID-19 (COVID-19) outbreak a pandemic.

From the declaration of the pandemic to the date of approval of these financial statements, the Hospital implemented several initiatives including:

- Enhanced infection prevention control measures including screening, isolations, increase use of personal protective equipment and increased cleaning;

- Suspension of some services, and cancellation of elective surgeries and less urgent diagnostic procedures. This was done in order to create capacity for pandemic response and limit the potential for transmission within the Hospital;

- The purchase of equipment and supplies, and the hiring of additional staff, in order to create capacity for pandemic response.

The Ministry has also committed to providing additional funding to Ontario Hospitals for COVID-related operating and capital costs in the subsequent period. At the date of approval of these financial statements, the amount, timing, and eligibility for this funding is not known. As such, an estimate of the financial effect of this funding is not practicable at this time. The ultimate duration and magnitude of the COVID-19 pandemic 's impact on the Hospital's operations and financial position is not known.

#### 17. Financial Instrument Risk

#### Credit Risk

Credit risk is the risk of financial loss to the Hospital if a debtor fails to make payments of interest and principal when due. The Hospital is exposed to this risk relating to its cash, debt holdings in its investment portfolio and accounts receivable. The Hospital holds its cash accounts with a federally regulated chartered bank which is insured by the Canadian Deposit Insurance Corporation. In the event of default, the Hospital's cash accounts are insured up \$100,000.

The Hospital's investment policy operates within the constraints of the investment guidelines issued by the MOHLTC in relation to the funding agreements and puts limits on the investment portfolio including portfolio composition limits, issuer type limits, bond quality limits, aggregate issuer limits, corporate sector limits and general guidelines for geographic exposure. The credit risk of the Hospital's bond holdings has increased due to the impact of COVID-19 which could lead to potential losses.

The maximum exposure to investment credit risk is outlined in Notes 5 and 15.

Accounts receivable are primarily due from OHIP, the Ministry of Health and Long-Term Care and patients. Credit risk is mitigated by the financial solvency of the provincial government and the highly diversified nature of the patient population.

The Hospital measures its exposure to credit risk based on how long the amounts have been outstanding. Accounts received that are not considered to be collectible are written off at year-end based on the Hospital's historical experience regarding collections. The amounts outstanding at year end were as follows:

2020				Past	Du	e	
	Total	Current	1-30	31-60		61-90	91 +
OHIP, WISB etc.	\$ 280,584	\$ 99,698	\$ 16,694	\$ 25,430	\$	5,959	\$ 132,803
MOH/LHIN	28,135	28,135	-	-		-	-
Other clients	57,948	25,959	28,361	2,105		912	611
Other	144,232	122,246	-	-		-	21,986
Less: Allowance for Doubtful Accounts	(67,638)	-	-	-		-	(67,638)
	\$ 443,261	\$ 276,038	\$ 45,055	\$ 27,535	\$	6,871	\$ 87,762
-							
2019				Past	Du	е	
	Total	Current	1-30	31-60		61-90	91 +
OHIP, WISB etc.	\$ 225,022	\$ 54,062	\$ 25,209	\$ 22,986	\$	3,797	\$ 118,968
MOH/LHIN	41,265	41,265	-	-		-	-
Other clients	60,959	20,045	42,223	1,680		(1,401)	(1,588)
Other	504,104	482,118	-	-		-	21,986
Less: Allowance for Doubtful Accounts	(67,638)	-	-	-		-	(67,638)
	\$ 763,712	\$ 597,490	\$ 67,432	\$ 24,666	\$	2,396	\$ 71,728

The amounts aged greater than 90 days owing from patients that have not had a corresponding impairment allowance setup against them are collectible based on the Hospital's past experience. Management has reviewed the individual balances based on the credit quality of the debtors' past history of payment and the potential impact of the COVID-19 pandemic on default rates. There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

#### 17. Financial Instrument Risk (continued)

#### Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of market factors. Market factors include three types of risk: interest rate risk, currency risk and equity risk. The Hospital is not exposed to significant currency risk as it does not transact materially in foreign currency. The Hospital is exposed to equity risks with regards to its investments in pooled and mutual funds and interest risk with its investments in bonds. COVID-19 has had a significant effect on financial markets. The Hospital's investments in pooled and mutual funds measured at fair value have experienced similar volatility. The extent of any future impact on the Hospital's investments as a result of COVID-19 is unknown.

Other than uncertainity with respect to COVID-19, there have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

#### Interest Rate Risk

Interest rate risk is the potential for financial loss caused by fluctuations in fair value or future cash flows of financial instruments because of changes in market interest rates. The Hospital is exposed to this risk through its interest bearing investments included in long term investments.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

#### Liquidity Risk

Liquidity risk is the risk that the Hospital will not be able to meet all cash outflow obligations as they come due. The Hospital mitigates this risk by monitoring cash activities and expected outflows through extensive budgeting and maintaining investments that may be converted to cash in the near-term if unexpected cash outflows arise. The following table sets out the contractual maturities (representing undiscounted contractual cash-flows of financial liabilities):

2020					
Within 6 months					
6 months to 1 year 1-5 years > 5 years					
\$ 2,157,723 \$ - \$ - \$ -					
2019					
Within 6 months					
6 months to 1 year 1-5 years > 5 years					

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

## Red Lake Margaret Cochenour Memorial Hospital Schedule 1 - Other Revenue (Unaudited)
